Dear Chairman Wheeler:

I attended "Bay Area Speaks: A People's Hearing on the Future of the Internet" on Nov. 20, 2014. I would like to share my comments with you in writing:

The Internet must be open to all and not
restricted or constrained by artificial barriers
to free communication. Free Internet access
is essential in our technological and globalized
society.

We must oppose the Comcast/Time Warner
merger on the basis of restraint of
competition and serious threat of
monopolization or unreasonable control
by too few providers.
